Hood's Sarsaparilla surely and effectively removes scrofula, boils and other blood diseases because it drives out of the blood all the humors that cause these diseases. They cannot be successfully treated in any other way. External applications for their removal have proven almost useless, because they cannot drive out the impurities that are in the blood.

Hood's Sarsaparilla makes pure blood, perfects the digestion, and builds up the whole system. The skin becomes smooth, clean and healthy. This great blood remedy has stood the test of forty years. Insist on having Hood's, for nothing else acts like it. There is no real substitute. Get it today. Sold by all druggists.

## THE EUROPEAN WAR IN BIBLE PROPHECY.

Unnumbered of passions have burst forth, devouring the lands that patient hands have beautified and made fertile, and centuries have stocked with art treasures. To the entire world the war has come as a surprise because they have not read our book (600 pages—cloth) telling that just such conditions would exist, only to be followed by the still greater devastation of anarchy. The first edition came from the press in 1907.

Of vast interest and importance is its promise of better things in store for this earth, when the wrath of nations has run its course. Send thirty-four cents in stamps (with this coupon) to cover postage to The Temple, No. 25 W. 42nd St., New York City, and receive a copy promptly.

## THIS GIRL WAS WAR VICTIM

### HER OLD HOME IN GALICIA DESTROYED; SHE ENDS LIFE

New York, Jan. 2.—Her heart broken by the destruction of her old home in Galicia, Gussie Leder, a 15-year-old school girl, ended her life by inhaling gas in her home this morning. Gussie was one of the younger members of an Austro-Galician family that began to arrive here several years ago.

Her elder brothers, Hyman and Morris had already made a home for her here when she came last May. Her father and several other sisters and brothers were still in Rzeszow when the war began. In September they received a letter from their father saying that the Russian armies were approaching and he was preparing to flee with his family. That was the last word that came to them from Galicia.

## PREPARING FOR CHAPPELL MEETINGS; TO BEGIN AT FIRST BAPTIST CHURCH

Elaborate arrangements are being made for the Chappell revival meetings at the First Baptist church, which will begin on Sunday evening, January 3rd. From present indications this series of meetings will rank well up to the best ever held in Guthrie. Church people in general are rallying to the support of Evangelist Chappell. This encouragement, backed by splendid sermons and a righteous cause, is sure to terminate in an old fashioned heart to heart revival. Special music will be furnished by competent musicians.

## HISLOP IN WORDS OF CHEER

(Continued from Page One.)

built a solid basis for all the good and boosting things which were said afterward.

President Conneway, of the Logan County bank, told about how hard our farmer friends had to struggle to make anything, and that they should have our most considerate attention in all things which we might plan for the material advancement of the city and county. He had the figures to back up all his propositions. He said that many people now trying to build up a successful business in the city would do far better and make material advancement for city and county if they would get on some good farm, where they could spend the nice winter days getting the soil and other things ready for better and more scientific farming results. He showed that with good farming results the city and county could not only push forward; otherwise when the farmer fails to make good all other lines of industry must suffer.

Dr. E. G. Sharpe was to talk on "business and good roads." His first suggestions were hardly in harmony with other talks or the spirit of the occasion, but he made a good, practical talk on the good roads topic. He has given the matter deep study and his practical observations qualify him to tell what should be done and how. He told of the lasting benefits which had already come to Logan county as a result of the little beginning which had been made and that the good roads work now planned will bring greater results.

In the absence of Fred Wenner, who was detained on account of sickness, Col. Hornaday was called on to close the informal program. He told about the movement for this Christmas week of festivities and how it was calculated to assist the good people, especially the younger ones, in the observation of the season with a truer and higher spirit, and that it was coming to be the fashion in all live, progressive cities and communities to devote both time and effort along these advanced lines; he devoted his closing to the plans and prospects for the coming year. He told of the work of the organized business men of the city. Said that nothing ever had or ever would be accomplished worth while without organization, perfect and united organization. His closing was most enthusiastically received by the large audience, and everybody left the meeting filled with enthusiastic determination to do their part in the coming year for Guthrie in its material advancement.

## AMERICAN PROTEST GETS QUICK RESULTS

Zeebruggs as a base, the inclination here is to believe that submarine again has been successful in an attack.

The Tor Bay trawler Providence has landed seventy additional survivors from the battleship Formidable. They were rescued by the trawler during a terrific storm this morning.

The British battleship Formidable had a displacement of 15,000 tons. She was 430 feet long and carried a complement of 750 men. She was heavily armored and carried four 12-inch guns, twelve 8-inch guns and sixteen 12-pounders. She was provided also with four submerged torpedo tubes.

The Formidable was launched in 1905 and was a sister ship to the irresistible and implacable "Formidable" was flagship.

The Formidable had assigned to her, according to the British navy list of December, various fleet officers and, consequently, she undoubtedly was acting as a flagship at the time of her destruction. Her captain was Arthur N. Loxley and her commander Charles F. Ballard. Captain John C. Deed was in command of the marines on board, while the fleet surgeon was Godfrey Taylor and the fleet paymaster P. J. Ling. The chaplain is given as the Rev. George B. Robinson. On board the Formidable were also sixteen midshipmen.

## AMUSEMENTS.

### Barbara Worth, Sunday.

One of the new and most important stage offerings of the present season will be that of the big scenic production of "The Winning of Barbara Worth," which will be presented at the Guthrie opera house Sunday, Jan. 3.

As the title indicates, the piece is a stage version of Harold Bell Wright's most popular novel and the dramatization which consists of a prologue and three acts, is by Mr. Mark Swan.

The story is visualized and realized. The several western scenes, including a sand storm on the desert and several other elaborate effects, is portrayed of the wild locale of the romance, are heralded as masterpieces of stage depiction.

## CHILD DROWNED IN ICY WATERS OF COTTONWOOD

Lenore, the 11-year-old daughter of Mr. and Mrs. Howard Ward, who reside on West Cleveland avenue, was drowned in the Cottonwood Thursday evening. The facts, as gathered from a witness to the tragedy, are as follows: Lenore, accompanied by four other playmates, were playing on the ice, when it gave way under their weight, precipitating two of the party into the water, one being rescued. The body of the dead girl remained under the ice about twenty minutes, and when taken from the cold water was beyond the help of any human agency. The funeral took place from the Ward residence Friday afternoon.

## NOTHING NEEDED FOR JOKE OFFICE, SAYS MALESTER

Oklahoma City, Okla., Jan. 2.—No other expense than the \$1,000 for salary is needed for the lieutenant governor's office, according to Lieutenant Governor McAlester in a letter written to Governor Clegg, replying as to the needs of that office. The reply is in answer to similar letters written by the governor to other departments asking what each department had to ask of the incoming legislature. There are many of the opinion that the office of lieutenant governor is superfluous and that the expense of \$1,000 a year for the lieutenant governor is throwing that much money away. Some attempts have been made by past legislatures to abolish the office.
